INTERESTS

My interests are creating connections with others and making others feel good about themselves. I enjoy working and helping others with computer issues or any other technological problems that may occur in the work field.

AFFILIATIONS

I currently belong to the AVID program which is hosted at Dublin High School. This program allows me to participate at many events that require volunteers in the Tri-Valley area. Some of these events would include Splatter and multiple other events that occur at local Dublin United School events.
